About Us

Galanteria was founded in 1987, in its beginnings with the program of solid wood decorations, expanding to other programs, such as: furniture for offices, schools, hotels and various interior elements.

Galanteria is recognized as a pioneer in the country and region, in the installation of modern CNC technology in the production departments since 2001, continuously and finally with 2023.

**We offer you solutions
with competence in design
and quality**

The company is also certified with the standard for quality management 9001:2001 in 2009 and recertified with ISO 9001:2015 in 2023, as well as with EN product certificates. The haberdashery stands out with professional staff and competence in design and quality.

Mission

Continuously meeting customer requirements in accordance with universal quality standards.

Vision

Excellence and development of human, technical, and technological capacities to fulfill the company's mission.
